

Make an Impact: From Risk to Resilience

Marsh is a global leader in insurance broking and risk management. We have more than 30,000 colleagues working together to serve our clients in more than 130 countries.

To know more visit: <https://www.marsh.com/>

	Analyst	Specialist	Senior Specialist
Qualification	A degree in Statistics/Mathematics/Actuarial/Computer Science/Engineering		
Actuarial Exams	4 to 6 Preferable papers (CS1, CS2, CM1, CM2)	Completed at least Core Principle level exams	Completed at least Core Principle level exams. Preferable papers (CS1, CS2, SP7, SP8, SA3)
Experience	0-2	2-4	4+ years of experience in P&C Actuarial

WHAT IS IN IT FOR YOU?

You will work within the Analytics Solutions team of Marsh Advisory.

Perform and develop a wide variety of financial and statistical analysis to help Marsh's clients quantify the risks. Help clients how best to protect themselves against those risks.

A clear career path with a hybrid of technical track and management track to grow in the company.

Will develop specialties in Predictive Modelling, Commercial Pricing, Stochastic Modeling, CAT modelling, Reserving, ERM and Non-traditional actuarial work.

Will have access to Marsh tools and proprietary Risk Quantification models (eg. Cyber, Property, Directors & Officers Liability, Environmental Liability).
