

# Senior Actuarial Associates

## Seeking nearly-qualified actuaries

Milliman is seeking nearly-qualified actuaries with strong analytical, modelling, communication and team management skills to join our Life Insurance Consulting practice based in Mumbai and help us grow our business.

Seize this opportunity to work closely with our best consultants from across the globe in a dynamic, challenging and rewarding environment.

### REQUIREMENTS

- Four to five years of life insurance experience and cleared at least 10 actuarial exams including Core Technical / Core Principle series
- Very strong technical and actuarial modelling skills, Prophet development skills desirable
- Excellent communication skills
- Proven team management and project management skills
- Driven and self-motivated

### GET READY TO MAKE A DIFFERENCE

Submit your application to [R.Jayprakash@milliman.com](mailto:R.Jayprakash@milliman.com) before 30 November 2019. Please note – only shortlisted candidates would be invited for interviews.
