

# When you're looking for someone outstanding

Newton Recruitment Pvt Ltd is a unique organisation within the recruitment industry that can offer an unparalleled service for actuarial appointments. Our services include sourcing the right candidate for the most senior actuarial appointment through to junior actuarial staff. This may be from within India or from overseas, though our primary focus is on recruiting within India for roles in India.

With real industry expertise across all sectors of actuarial work, we are truly committed to sourcing actuarial talent for your organisation. We understand that people are important to any business. Good people are invaluable, and the best people can transform an organisation.

We set out to understand who you are and how you are building the foundations of your human capital, we find the best and most appropriate actuarial candidate profiles in terms of your needs.

We pride ourselves on our ability to identify and access the broadest qualified actuarial talent in an efficient and

timely manner. Our approach is highly consultative and is informed by a depth of knowledge and experience. This enables our clients to make properly considered business decisions and to secure the best actuarial talent within a highly competitive landscape.

More than anything, throughout the agreement we never forget we are acting as an ambassador to your company. Our success is measured by the success of those we recruit and those we recruit for.

To build on your pool of actuarial talent, contact:
