

## Revision Study material

19<sup>th</sup> February, 2010

We are happy to inform that the ActEd has allowed to sell revision study material to our member. Currently Revision study material are available for CT1-CT8 , CA1 & CA3 . This material may be of great help to the student to reach "exam standard" quickly and efficiently. Brief details of the same are given below:

### ASETS

Acted Solutions with Exam Technique (ASET) contains questions and ActEd's solutions to recent exam papers. It is fully up-to-date in respect of changes to the Syllabus and Core Reading. It includes not only a possible solution to each question on the exam paper but also comments to help you with your exam technique, references to the course material and alternative approaches.

### FLASH CARDS

The A6-sized Flashcards cover the key points of the course that most students like to commit to memory and are an excellent supplement to our other study materials. Each flashcard has a question on one side and the answer on the reverse. We recommend that you use the cards actively and test yourself as you progress through the course.

### REVISION NOTES

Revision Notes have been designed with input from students to help you revise efficiently. They are suitable for first-time sitters who have worked through the ActEd [Course Notes](#) or for [retakers](#) (who should find them much more useful and challenging than simply reading through the course again).

The Revision Notes set of conveniently-sized **spiral-bound booklets** are perfect for revising on the train or tube to work. Each booklet covers one main theme of the course and includes:

- Core Reading with a set of integrated short questions to develop your bookwork knowledge
- relevant past exam questions with concise solutions (the most recent exam paper will not be included).
- detailed analyses of key past exam questions (selected for their difficulty)
- other useful revision aids.

Revision Notes are currently not available in **CT7**.

### Y ASSIGNMENT

ActEd's assignments contain a range of mainly exam-style questions (with full solutions) to test your understanding of the course.

### COURSE NOTES , QA BANK AND X ASSIGNMENT

The Course notes , QA bank and X series are already included in the Combined Material Pack (Main study material ) but if the student want to buy it separately they can buy in a rate given below. Please note that course notes are only for retakers.
