Webinar on Life Insurance

The Institute of Actuaries of India (IAI) is pleased to announce a webinar hosted by the Advisory Group on Life insurance.

While Covid-19 may have already begun to accelerate changes, the life insurance sector has been wrestling with a number of new challenges in recent years, including:-

- ❖ Changing product preferences, with protection policies potentially being more attractive in this environment and concerns over the attractiveness of savings products given the current economic environment. In addition, a general move in the market towards non-participating savings products and the ensuing impact on ALM, especially as interest rates have trended further downwards
- ❖ Persistency, with concerns around where customer persistency may deteriorate, or even improve, relative to pricing assumptions
- ❖ Credit risk coming to fore, with a number of rating downgrades and potential defaults
- ❖ Trends toward digitally enabled distribution models

Taken together we may envisage a more capital intensive and more risk intensive environment. The session will discuss these issues and potential tools at insurers' disposal to address them.

<p>Date: 1 July, 2020; Wednesday</p> <p>Time: 1000 am- 1200 IST</p> <p>Topic: Adapting to trends in Life Insurance</p>
