27th January 2022

10th Webinar on Data Science and Analytics

The Institute of Actuaries of India (IAI) is pleased to announce 10th Webinar on Data Science and Analytics hosted by the Advisory Group on Data Science and Analytics.

Date: 26 February 2022, Saturday

Time: 3:00 pm to 5:00 pm, IST

Topic: i. Leveraging Data using Actuarial Skills beyond traditional actuarial roles
ii. Big data driven Analytics to deliver value in banks

Objective:

Data science is one of the most exciting fields out there today. Data science combines multiple fields, including statistics, scientific methods, artificial intelligence (AI), and data analysis, to extract value from data. Those who practice data science are called data scientists.

Actuarial skillsets are diverse and playing with the Data has always been a part of the Actuaries, however, lack there is a lack of awareness among actuaries regarding such fields.

This webinar aims to focus on exploring the possibility for Actuarial members to interact with various Industry professionals and experts in the fields of insurance, banking and other domains who use Big Data to provide insights that their businesses use to make better decisions and create more innovative products and services.

Target Audience: Fellows, Associates, Affiliates, Students across domains, All the analytics & technology professionals, CTO's, CRO's, Consultants, Academicians.

Program Schedule:

Moderator: Mr. Manoj Kumar, Secretary, Advisory Group on Data Science and Analytics
