26<sup>th</sup> October 2021

## 8<sup>th</sup> Webinar on Health Care Insurance

The Institute of Actuaries of India (IAI) is pleased to announce 8<sup>th</sup> Webinar hosted by the Advisory Group on Health Care Insurance.

Covid-19 has impacted populations and the insurance sector in multiple ways in terms of Treatment and Claims Costs.

The longer-term impacts of the pandemic are still being assessed but one of the areas that actuaries need to understand is the potential and current effects of so-called “LONG COVID”.

This has implications in terms of population health as well as insurance underwriting, claims risk and future product design.

This webinar will cover:

- (1) The Medical Aspects of Long-Covid
- (2) The Population Health Impacts
- (3) The Health Insurance Impacts

<b>Date:</b>	<b>November 10, 2021, Wednesday</b>
<b>Time:</b>	<b>1600-1730 IST</b>
<b>Topic:</b>	<b>Long COVID</b>
<b>Presidential address:</b>	<b>Mr. Subhendu Bal, President, Institute of Actuaries of India</b>
<b>Introductory Address:</b>	<b>Mr. Vishwanath Mahendra, Chair, Advisory Group on Health Insurance</b>
<b>Speakers:</b>	<b>1) Ms. Nicola Oliver, Founder, Medical Intelligence (London) Ltd</b> Nicola is the founder of Medical Intelligence (London) Ltd, established in 2007, a consultancy dedicated to providing impartial expert insights into the main drivers behind changes in life expectancy and disease risk for the insurance industry.  Nicola works directly with clients to increase their understanding of the medical and socio-demographic elements that impact mortality, morbidity, and longevity risk. A leading mortality and longevity expert, Nicola provides full consulting support to clients from across the insurance spectrum. Nicola has supported
