2nd Webinar on Health Insurance

The Institute of Actuaries of India (IAI) is pleased to announce 2nd webinar hosted by the Advisory Group on Health Insurance.

The current penetration of private Health Insurance is significantly low in India. In addition, the decline/rejection rate for substandard lives is high in the individual health insurance portfolio. The idea of the presentation is to explore if we can create a pool for these sub-standard lives that will expand the overall scope of health insurance and will provide cover to those who need it the most. The speaker with rich global experience will share with us the practice prevalent in the USA which is one of the most mature and advanced private health insurance markets.

The COVID 19 has impacted the claims emergence and experience of the insurers writing health insurance business. The claims investigation techniques too have undergone significant change since the beginning of this pandemic. The session will focus on how insurers can prepare themselves for managing this new change.

Date - August 27, 2020, Thursday

Time: 1500 - 1630 IST

Topics: 1. High Risk Pools in USA

2. Changing face of Claims Emergence, Experience and Investigation under Covid-19
