

Institute of Actuaries of India

Subject

SA2 – Life Insurance

Specialist Advanced

For 2019 Examinations

SA2 – Life Insurance Specialist Advanced

Aim

The aim of the Life Insurance Specialist Applications subject is to instill in newly-qualified actuaries the ability to apply knowledge of the Indian life insurance environment and the principles of actuarial practice of life insurance to an Indian life insurance company.

Links to other subjects

Subject SP2 Life Insurance Specialist Principles provides the underlying principles upon which this subject is based. It is assumed that students have a good understanding of the principles covered in that. Candidates can expect to be examined in aspects of general principles developed in Subject SP2 as well as in the Indian specific aspects developed in this subject.

Objectives

On completion of this subject the candidate will be able to:

- (a) Define the principal terms used in life insurance in India.
- (b) Describe the major life insurance products, in addition to the generic products covered in Life Insurance Specialist Principles subject (SP2), of Indian life insurance companies in terms of:
 - the needs of consumers versus the objectives of the insurer
 - the benefits, guarantees, and options that may be provided
 - the main types of products issued
 - the purpose, benefits and risks of the products to the policyholder and the insurer

The products (Group and Individual) under this syllabus objective are:

- term assurance
- income protection insurance
- critical illness insurance
- conventional with profits
- accumulating with profits
- unit-linked
- index-linked
- mortgage endowment
- annuities
- variable annuities
- conventional with profits
- accumulating with profits
- unit linked
- index linked
- group term
- Group gratuity and group superannuation

In addition to above products, candidates are also expected to have a good understanding of the product lines as detailed in IRDA Product Regulations, 2013 (both Linked and Non-Linked).

- (c) Describe the effect of the general business environment in India, including the impact on level of risk to the insurer, in terms of:

SA2 – Life Insurance Specialist Advanced

- new business
- distribution of products
- the wider competitive environment
- the principles of treating customers fairly
- operational risk
- corporate finance
- outsourcing
- securitisation
- mergers and acquisitions
- closed funds

(d) Describe how policyholders' reasonable expectations (PRE) might be measured and managed with regard to the main contract types.

(e) Describe the principles of Indian contract and trust law as they affect life insurance, including reference to IRDA (Protection of Policyholders' Interests) Regulations 2017, and the Redressal of Public Grievances Rules, 1998.

(f) Describe the Indian regulatory environment as it affects life insurance companies in terms of:

- The taxation of the Indian business of life insurance companies and the effect of taxation on the benefits and premiums paid under Indian life insurance contracts.
- The supervision of the Indian business of life insurance companies under the relevant IRDA regulations with regard to:
 - the valuation of the assets and liabilities,
 - the returns to be submitted including the Annual Appointed Actuary's confidential report, transfers of surplus,
 - solvency capital,
 - Realistic balance sheets, individual capital assessments and transfers of liabilities.
- Profit reporting under the IRDA regulations.
- Profit and Embedded Value reporting under the Professional Standards on Indian Embedded Values.
- The requirements of the professional and regulatory guidance relevant to actuaries practising in or advising the Indian life insurance companies, including the production of Financial Condition Reports.
- The capital management of a life insurance company, including determining and improving available capital, projecting future solvency, the principles of asset-liability management and the use of derivatives.
- The role of the Appointed Actuary.
- With profit committee requirement and its roles and responsibilities in managing the with profit business.

(g) Describe internal controls and procedures necessary to enable the financial reporting listed in Objective (f), having regard to efficient management of the business, including accounting conventions and systems.

(h) Describe the principles of dynamic solvency testing in terms of:

- the reasons for projecting solvency
- the alternative measures of solvency, including risk based capital approaches
- the ongoing need for capital and the role of the estate.

(i) Determine the design of life insurance contracts to be marketed in India and appropriate methods and bases for pricing them.

SA2 – Life Insurance Specialist Advanced

- (j) Describe the management of with profits business, including:
- the calculation and use of asset shares
 - appropriate ways of determining surplus distribution policy
 - the determination of discontinuance and alteration terms
- (k) Describe how unit pricing, in respect of the internal unit-linked funds of an Indian life insurance company, can be a source of risk.
- (l) Describe the principles of unit pricing in respect of the internal unit-linked funds of Indian life insurance companies.
- (m) Describe the principles behind the determination of discontinuance terms for life insurance contracts and:
- Determine appropriate methods and bases for varying the non-linked life insurance contracts of Indian life insurance companies on terms that are not guaranteed.
 - Determine appropriate methods and bases for varying unit linked or index linked life insurance contracts of Indian life insurance companies.
- (n) Describe the impact of credit and counterparty risks and how such risks might be assessed.
- (o) Determine, for the purpose of meeting regulatory requirements, appropriate methods and bases for valuing the liabilities of an Indian life insurance company, taking account of the nature of the assets.
- (p) Determine methods and appropriate bases for assessing the on-going solvency of an Indian life insurance company, bearing in mind the capital requirements of the company.
- (q) Determine appropriate methods and bases for the purpose of assessing the profitability of the existing business of an Indian life insurance company.
- (r) Describe the principles behind managing capital, having regard to the (sometimes conflicting) interests of policyholders and shareholders with regard to the estate, in the following contexts:
- open funds
 - closed funds
 - inherited estate
 - transfers of funds (within company, within group of companies, across companies, under mergers/acquisitions, de-mutualisations)
- (s) Describe the principles of asset-liability management, including stochastic approaches, and:
- analyse the asset-liability matching requirements of an Indian life insurance company
 - develop appropriate strategies.
- (t) Analyse the reinsurance and underwriting requirements of an Indian life insurance company for the purpose of the efficient management of the business.
- (u) Carry out an analysis of surplus, on either a supervisory or a realistic basis, in respect of an Indian life insurance company and use the results to reassess the design of the company's contracts or actuarial base

SA2 – Life Insurance Specialist Advanced

(v) Carry out an analysis of the change in the shareholder value of a proprietary Indian life insurance company and use the results to reassess the design of the company's contracts or actuarial bases.

Study Material for Subject SA2:

A - Reading Material by Actuarial Education Co: 2018 Examinations Course Notes

Chapters 1, 2, 15-17, 20-21, 23, 24-26 as found in 2018 ActEd course material.

Chapter 3 - UK general business environment Except Section 2 and 3 (Material to be supplemented to cover the distribution framework in India covering individual agents, corporate agents, bancassurance, brokers, direct marketing, online distribution)

Chapter 4 - UK contract and trust law - Substitute with Indian equivalent including the Indian Redressal of Public Grievances Rules, 1998 and IRDA (Protection of Policyholders' Interests) Regulations, 2002.
