ANNOUNCEMENT OF GUIDANCE AND SUPPORT PROGRAM **SP7 (GENERAL INSURANCE RESERVING AND CAPITAL MODELLING) &** **SP8 (GENERAL INSURANCE: PRICING)**

I. BACKGROUND

One of the biggest challenge of candidates who preferred General insurance as the practice area is to clear both SP7 & SP8, as reflected in the pass rate of subjects for all examination diets. Both these subjects consistently show a lowest rate of success in comparison with other SP level examinations. In recent times, subjects together show an average success rate of 15% only. It's not the preparation matters, but a lack of strategy and practice which caused the failure. In order to extend strategical guidance and support to all those are in need for the upcoming examination, a guidance and support program is arranged by engaging an expert Faculty.

II. OBJECTIVE

The objective of the program is to make overall improvement in the ways of preparation, formation of exam strategies and to engage in practicing by addressing common mistakes, flaws and gaps which together leads to a failure. In simple format, it's about to know and practice **"What are do's and don'ts"** for converting failure to success.
