

With over 20 years of presence in India, Allianz Services has been home to Insurance Operations, Allianz Consulting, Operations Engineering, Human Resource Services, Business Consulting, Data Analytics, Automation, PMO Services, Business Testing and Actuarial Services and serving many Allianz entities across the globe.

Join us as we continue to grow and expand our niche team of actuarial experts making a significant difference since 2021! We're open to Actuarial experts in Life & GI Reserving, Pricing and Modelling. All you need to have is an actuarial education background and strong analytical mindset which can gain you some exciting opportunities in Allianz Services India!

Allianz Services India is not limited to Actuaries, but also have expertise in various areas of the Insurance industry. If you have a strong inclination towards business and finance, analytical problem-solving skills, and excel in numeracy and communication, we would be delighted to welcome you to our rapidly expanding organization. We have numerous opportunities available within broader Life and Property and Causality domains.

We provide an international work culture and competitive compensation package. In addition to exciting projects, our team also supports a comprehensive Actuarial study program and offers flexible work arrangements.
